

The Rightful Masters

Identification, Definition and Solution of the Problem

I. Identification of the Problem:

Given the imperative, "We the People, are the Rightful Masters of both Congress & the Courts, not so as to Overthrow the Constitution, but to Overthrow the men who would pervert the Constitution."

Proper implementation of this power presumes a certain character of individual in the body politick. This character is lacking at this time.

Thus, given the above described imperative and the identified perversion of character of the body politick then the uninformed populace is actively engaged in overthrowing the constitution instead of overthrowing the men who pervert the constitution.

II. Description of the Problem:

"Africans are new Christians living in a fading Pagan story.
Americans are new Pagans living in a fading Christian Story." Dr. John Patrick

I believe that the remarkable inversion of societies that the above quote illuminates is the source of the impetus that is driving the body politick engulfing the USA at this time. Additionally, the existence of this movement is further proof that it is the Christian character and that character's steadfast pursuit of righteousness that provides the most acceptable scale of justice. Further, I believe that the best description of this Christian character is that set forth by Jesus of Nazareth in His Sermon On the Mount at Matthew chapters 5,6 and 7 in the New Testament of the The Holy Bible.

III. The Solution to the Problem:

"Have no fellowship with the unfruitful works of darkness; instead expose them." Ephesians 5:11
